QUALIFIED PRODUCTS LIST 2, AGGREGATES
 IDENT. CODE NO. A6-003
 QPL 2 SOURCE CODE A628
 COARSE SAND FOR ASPHALTIC CONCRETE
PORT ALLEN, LA. SITE

Mr. Darren Moore, President
 Bear Industries, Inc.
 4323 North River Road
 Port Allen, LA 70767

Dear Mr. Moore:

I am pleased to inform you that the Coarse Sand submitted by you from the above listed source has been found to be acceptable for use on DOTD projects and has been approved for listing in the DOTD Qualified Products List 2, Aggregates, as follows:

PRODUCT SOURCE CODE	SOURCE	SP.GR. OF GRAVEL (SSD)
A628	*Bear Industries (Port Allen)	Sand Only

**Sand from this source is approved for asphaltic concrete only.*

Additional test results are shown on the attached test report, Lab. No. 22-627668. The Source Code assigned to this aggregate, **A628**, is to be used only for material represented by the sample submitted for approval from your stockpile(s) at the above referenced site. Source Approval, as the name implies is an approval of the source only. Samples submitted by contractors from an approved source for use on DOTD projects will be sampled according to the DOTD Materials Sampling Manual and tested for conformance to the applicable project specifications prior to use.

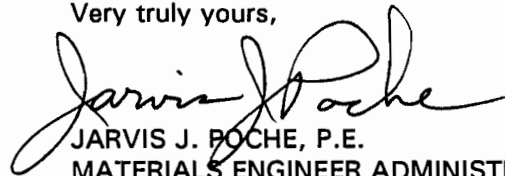

As stated in the Qualification Procedure, the DOTD Materials & Testing Section Coordinator must be notified in writing of any change of ownership, contact person, company (or Product) name, address, or telephone number. Also, any significant change in plant location, plant operations, or material properties will require written notification, as well as the submittal of a verification sample.

--continued--

Mr. Darren Moore
